After two years of split sessions at CHS, we are back on full day sessions. The student body was split in half; the juniors and seniors going to school from 7:15 to 12:15 while the freshmen and sophomores were in school from 12:30 to 5:30. Extra buses had to be run because CHS was the only school in this system to be on split sessions, the regular hot lunch system was taken out and a "fast food" program used, and adaptations in individual families had to be made because of the uniqueness of our schedule. Since the school was split, school suffered, sports suffered, spirit suffered, fun suffered, organizations suffered, and music suffered.

School suffered because there was no real hot lunch program, students had no study hall or lunch hour to get help from teachers, and there was no time for students to get to know each other better. It is vital for a school to have good communication flowing and without time provided, this can be impossible. Misunderstandings between teachers and students can develop too easily. The poor school building itself suffered because it was being used more hours.

Since we were actually two high schools in one, the spirit and unity was split. Apathy was prevalent in sports, organizations, and music. Fun also suffered because students didn't have time during school to have fun. Practice times for sports had to be scheduled around school times; the same was true for organization meetings. Music practices had to be held on certain nights so everyone could plan around those nights.

This year, split sessions were abolished. We are unified again. We have a real hot lunch program, a spirit of unity prevails among the student body, organizations have an easier time scheduling meetings, sports members are looking forward with spirit to a good season, music groups have more time together, and over-all students again have time for fun. Our school is a direct example of this quotation, "United we stand, divided we fall." We will stand again since we are together.

Administration and

The Central Administration and staff is where the action starts. The Board of Education is concerned that curricula and school policies are formed that fit into the philosophy of the Cadillac Area Public Schools. These policies and programs also reflect the needs of the community. The policies formulated at this level are then implemented by a staff of well-qualified administrators.

From superintendent to the supervisor of the lunch program, programs are put together in the interest of the total student and community. It was the board who put us all together. By their action CHS was put back on full-day sessions.

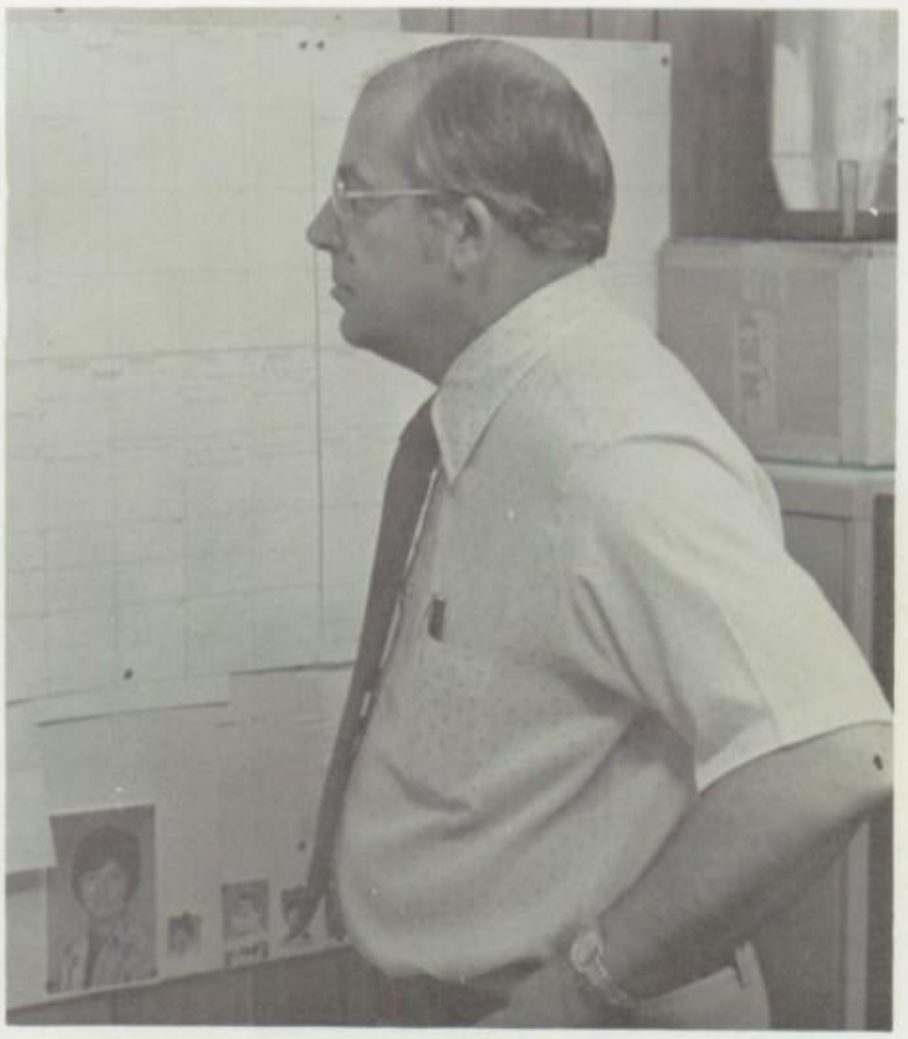
School Board

Implementing school board policies and making sure all programs are put together in working order takes up most of Mr. Laurent's day. As principal, he also evaluates the effectiveness of every on-going program to see if revision, addition, or deletion should take place. Assistant principal, Mr. Jobson, can best be identified by the man in shirt sleeves with an orange card in his hand going from room to room looking for a student. (to move his car) The rest of his day is filled with conferences with students about their absences, smoking, careless driving on campus along with a multitude of other school policy offences. These two men "Together" make the wheels of CHS run smoothly.



Mr. Dave Brines

Mr. Brines brings together one of CHS's largest departments, Athletics. This tremendous task takes most of his day arranging schedules for all our teams. From football to girls track, Mr. Brines must make sure every team has an opponent, officials and equipment. Along with this endless task, he teaches personal guidance. Without him our sports could not put it together.

The basic goal of guidance service is to assist the individual student to achieve up to the level of his capacity, to meet and solve his problems, and to become a well balanced and mature person.

The counselors welcome individual student or parent conferences relative to any problem. Any student may come to a counselor for an immediate problem at any time. If possible, routine conferences should be made by appointment. Students and parents are welcome to meet with the counselor of their choice.

Togetherness in cooking and cleaning! Without our hardwork cooks and custodians the learning environment would be one of total dismay.

From early morning to late at night, the custodians work hard to keep halls, rooms, and support areas clean and in good maintenance.

When lunch time comes and the line forms, we know we will be served food prepared by five concerned cooks. They prepare our meals with nutrition in mind. From the preparation to the serving, our cooks try to keep us together with food.

Teacher Aid for Special Education

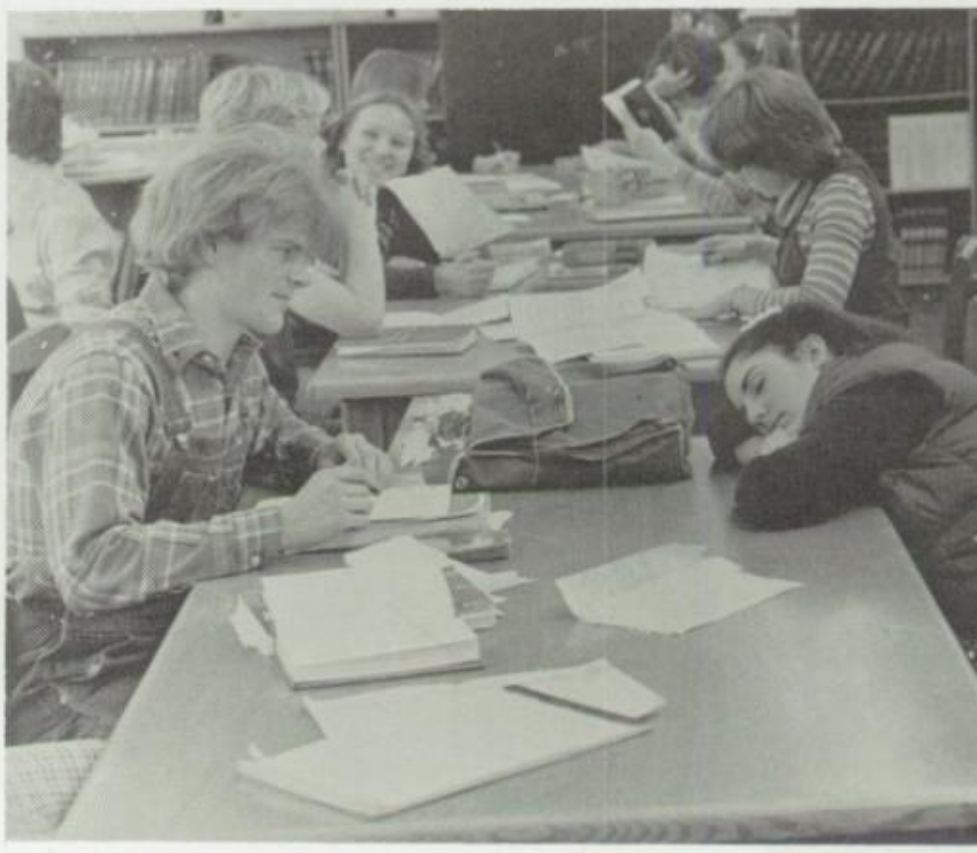
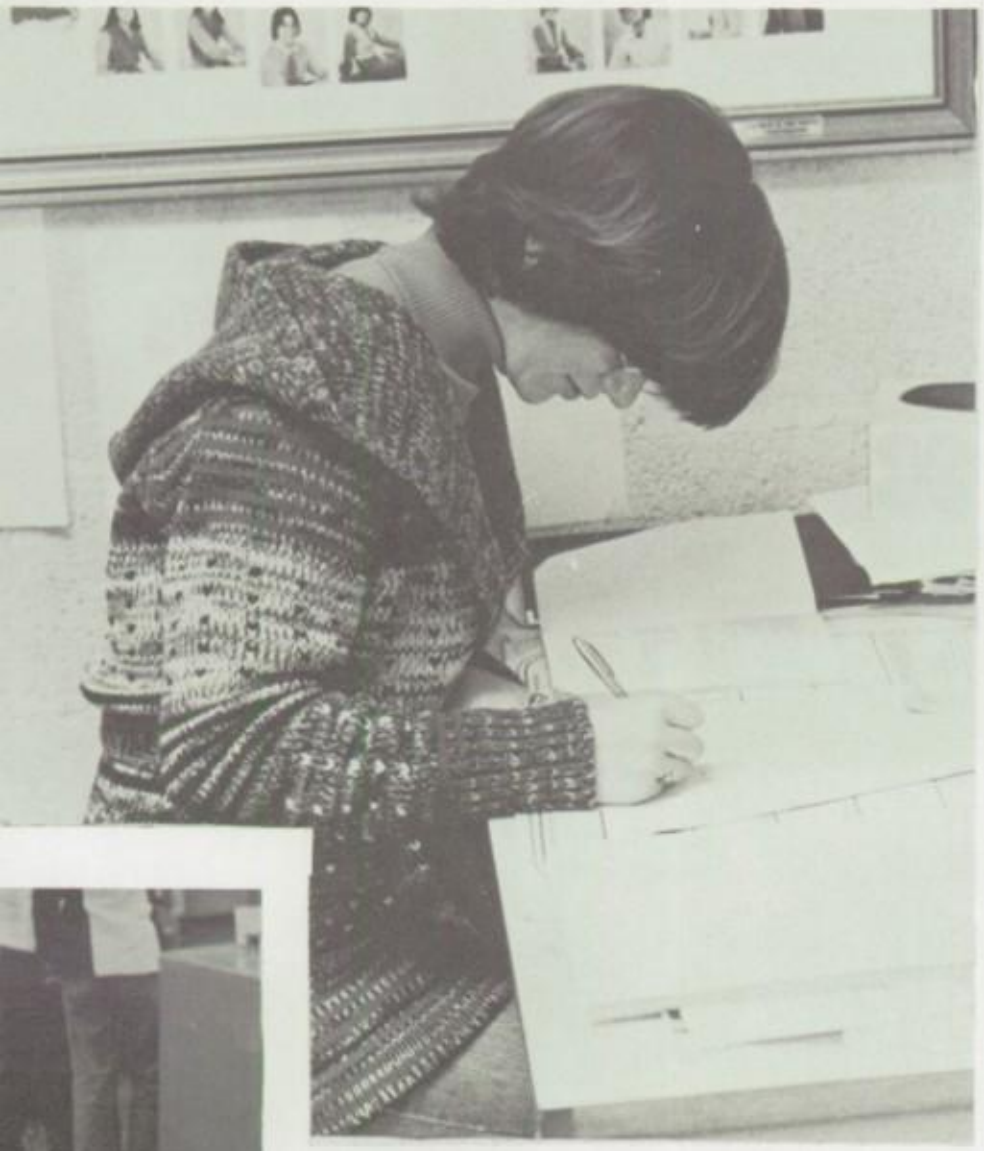
Quiet , Please!

The students seen sitting at the check-out counter of the library, talking to the librarian about literary matters and helping their fellow students find certain information are library aids. This library practice gives that student the chance to broaden personal experiences, to become more adept in the use of books and libraries, and to experience the satisfaction of knowing fellow students and teachers have been helped through the services offered. In order to be a successful library aid, one should enjoy books and people and have a good attendance record.

Mrs. Bronkema



Mrs. Briggs



Cadet teachers and teachers assistants are chosen, through Mr. Oatley, each year to assist teachers. The students receive a half credit per semester for their work. Their jobs can be anywhere from mimeographing papers to actually teaching a student. Students are evaluated by the teacher at the end of each semester. This evaluation will be recorded on the student's record.

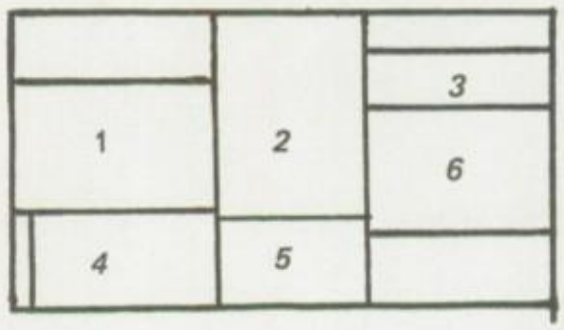
This year's Log Staff had very little experience to start with, but finished with a wealth of practical experience. Without the experience of Editor, Mari Wernert and Assistant Editor, Heidi Holmes, the book could not have been put together. Handicapped by financial problems, the staff had to work hard to keep expenses down while keeping the quality up. The 1977-78 Log Staff felt that "together" they did their best.

Cadillacan Back and



News!!! That is what it was with the 1977 Cadillacan. Led by Editor Jane Boughner and her assistant Lorri Sanderson, 14 staff members have provided the school with a variety of school news and sports in 15 issues this year. It was a new experience for all the staff, but together they managed to inform the student body the important happenings of the year.

Active Honorary Society

The National Honor Society, an active honorary society, chooses their members on the basis of scholarship, character, and service. Applications for the society are distributed after first semester grades. In order to apply, one must be a sophomore and have at least a "B" average. Applications are turned in to a faculty committee and they choose the new members. The new members are inducted into the society at an annual spring assembly. The society's major project this year has been working with the Cadillac National Historical Society painting signs identifying local historical school sites.

Jr. Rotarians, four male seniors, four female seniors, four male juniors, and four female juniors are chosen by our faculty on the basis of citizenship, activity in school functions, and academic achievement. Student Government Puts it Together

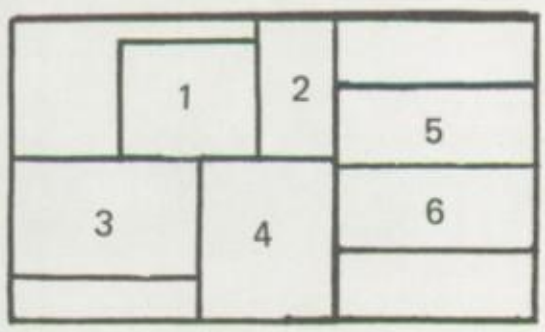
The Student Council is the student governing body of the school. It provides an opportunity for the student to participate in government and serves as a means by which the students may express their opinions to the faculty and administration. It formulates the rules by which the students manage their own activities.

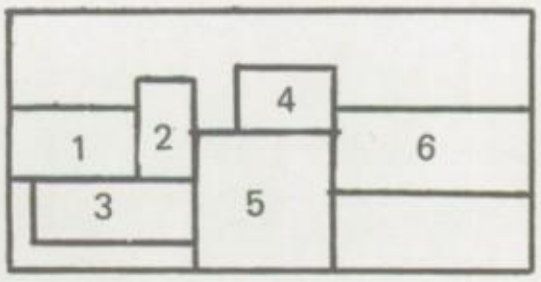
Annual projects include the Homecoming activities and the political assembly during which candidates for the next years's officers and class representatives give their campaign speeches. In addition to these, the Student Council also sponsors Valentine's Day, St. Patrick's Day, Halloween Dress Up Day, Christmas festivities, spectator busses, and works on student parking lot problems.



Girl's Service Groups

G.A.A.

G.A.A. is open to all girls with an interest in sports activities. The club provides the opportunity for girls to earn a G.A.A. letter through participation in various programs throughout the year. G.A.A. promotes the idea of growth through leisure time activities.



Tri-Hi-y

Tri-Hi-Y is a girl's service group which sponsors the Drag, sells mums at Homecoming, serves refreshments at College Night, paints windows at Christmas along with many other services that render the community. They also participate in Legislature at Lansing for a day with all the other Tri-Hi-Y's in Michigan.

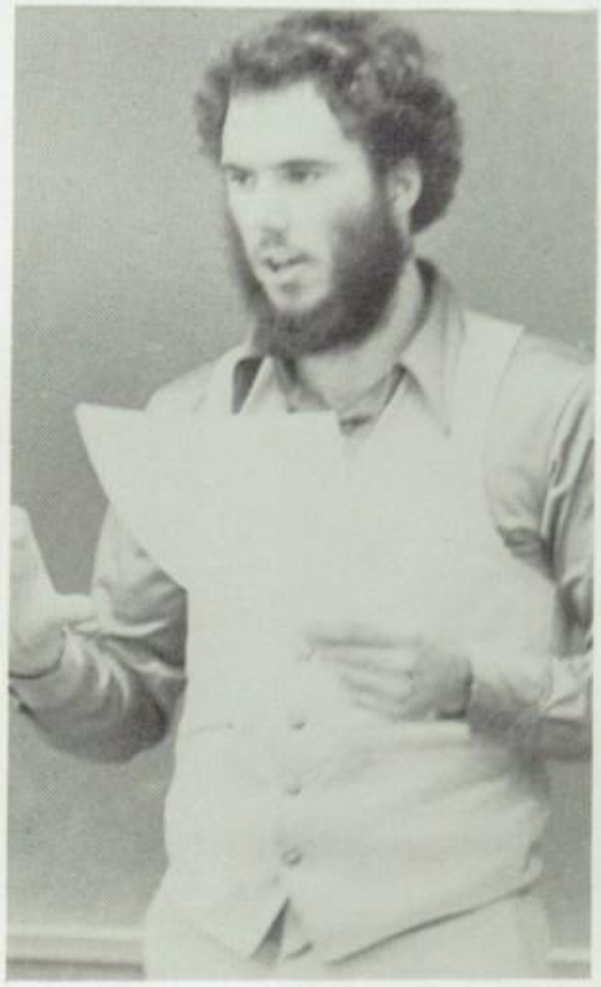
Vikings Argue

Debate is a competitive form of argument with each team consisting of affirmative and negative sides. The affirmative side researches the subject in depth while the negative side plans attacks and counter-attacks. A debate class is offered first semester, although it's not necessary though recommended to be on the team. The class offers debaters time to research their topic and work with new-comers.

During the 1976 season, the Cadillac Debate Team came in 3rd in NCC conference competition and in the top 15 on the state level of competition.



1. Debate team members are: Back row (L to R) Eric Kennedy, Reg Klubeck, Bob Best. Front row (L to R) Jodi Banks, Sharon Oxby and Dorcas Cramer.

2. Do you always make such wierd faces?

3. Forensics members are: Back row (L to R) Martin Koschnitzke, Inga Fuller, Cindy Murdoch, Jill Savage, Don Mack, Lieven Detxreef, Bob Best. Third row (L to R) Ray Ratcliff, Criss Miller, Sharon Carlson, Sharon Oxby, Theresa Skully, Marilyn Myre. Our Team 1st in NCC — Again!

Forensics is a competitive form of speaking consisting of ten categories as follows: humorous interpretation, serious interpretation, dramatic duo, multiple reading, informative speaking, impromtu speaking, oratory, extemporaneous speaking, and radio. The student chooses one of these events in which to compete. The pupil can only compete in one of these events in one meet. This year, Forensics class is offered second semester and is not required, but recommended to team members.

In the past season, the Cadillac Forensic Team took first place in the North Central Conference. The Regional finalists were Bob Best (extemporaneous speaking), Michelle Mack (original oratory), and Jane Wheeler (serious interpretation). The alternate for the state meet was Jane Boughner (serious interpretation). To the close-knit forensic competitors, Miss Uitti, the coach, is known affectionately as "Mother Uitti".

Congratulations, Cadillac Forensic Team for a great 1977 season!

From Spooks to You

Student Council sponsored the Halloween dress up day this year and the students response was enormous. Approximately 200 spirited students participated in dressing up and parading around the gym. Students were judged on originality of costumes.

1. *Keep on trucking, Wendy!*

Puffs of Power

One of the traditional Homecoming activities was a Powder Puff football game in which the girls of the Junior and Senior classes challenged each other to a football game. Some of the varsity football team members coached the Powder Puffers. The Juniors won the game 14-0.

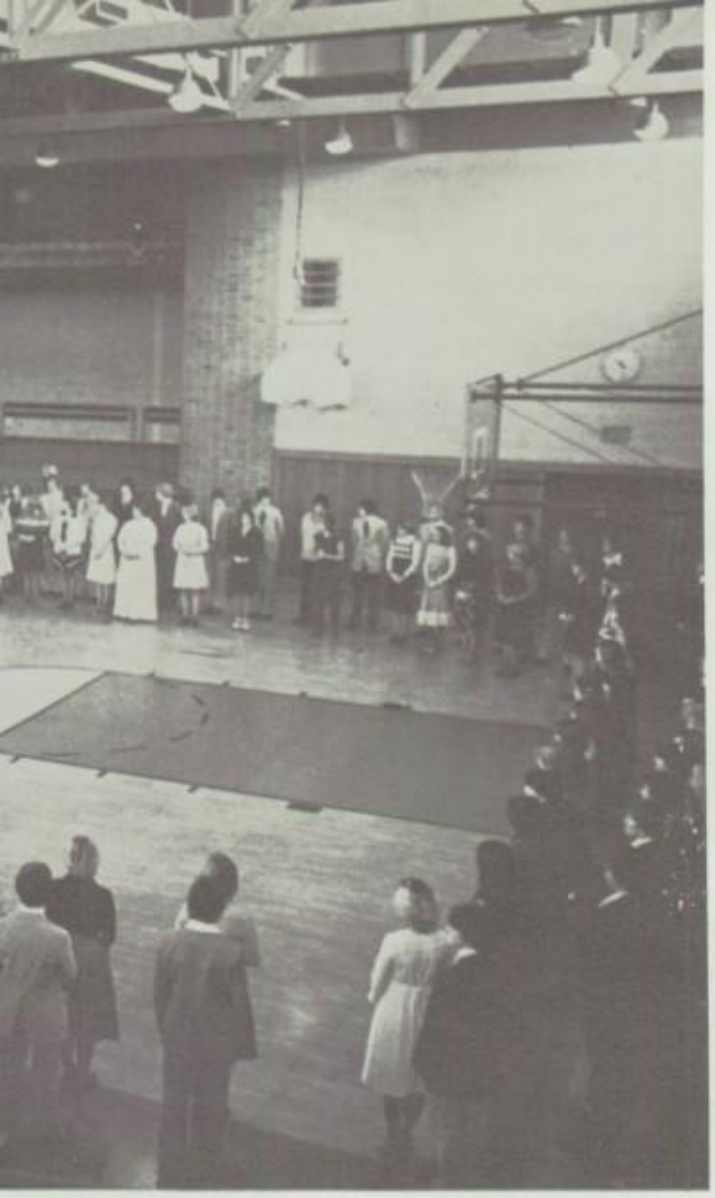
6 *Selected poem for our assembly.*



On the eleventh month on the eleventh day at the eleventh hour, the student body and faculty members participated in a respectfully silent ceremony honoring the boys who attended CHS and lost their lives in war; this assembly has been a tradition for nine years. One would never believe, especially after viewing one of our regular assemblies, that the entire student body could be so silent for such a long period of time.

Fellowship is...

This club is open to any athlete or manager who has a belief in Jesus Christ. They meet every other week either in a classroom or in the homes of individual members. The first forty-five minutes is a rap session and the second half of the meeting is spent in participating in an athletic activity.

A fellowship in a school is called a "huddle". There are approximately one hundred-fifty huddles in Michigan. Huddles from different schools get together for weekend activities.

Over Christmas vacation, F.C.A. sponsor a type of Big Brother Association. Each member has a "little brother", a boy who has no father. They spend time with them, treat them to a dinner, and give them an F.C.A. T-shirt.

Checkmate

The Chess Club is a new organization this year which provides students an extra curricular activity other than sports. ANYONE can join because there is competition at different levels. There is a $1.00 fee for new members to cover the cost of the awards as a result of year end competition and miscellaneous equipment. The faculty adviser is Mr. Williams with Ed Van Alst as president, Kirk Glezen as vice-president, Ray Ratcliffe as treasurer, and secretary.

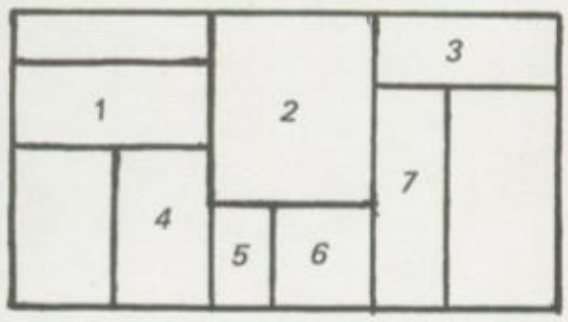
The Entertainers are a show choir with entertaining as their specialty. The group consists of seventy-two members and a ten piece back up band. The Entertainers do community performances and assemblies for other schools. Each fall they do a fall variety show with a musical in the spring. This year the Entertainers gave their rendition of Fiddler on the Roof."

The Entertainers have a choreography group called a stage chorus. This is made up of five couples who do all the dancing in a performance. There is also a "mini-choir" consisting of sixteen select entertainers. These performers auditioned for their envied position.



...And The Band

Due to split sessions the past two years, CHS band hasn't been able to attend band camp. This year the band successfully completed a week of band camp, giving them more time to prepare their half-time football shows.

In the fall, CHS band attended Marching Band Festival held in Evart and Ferris State Homecoming game. This spring individual members can attend District Solo and Ensemble while the whole band attends Concert Festival.

CHS Band — Thank you for your hard work in giving us fine music.

Homecoming

Since our school is once again united, students got really excited about Homecoming. Students of all grades united and worked extra hard to make the best possible float for their class. The Seniors won the float contest with the Juniors coming in second. Thanks to your driving spirit, CHS student body, Homecoming was a smashing victory.

The dances this year have been a real success especially the Homecoming dance sponsored by Student Council and the Christmas dance sponsored by National Honor Society. The Homecoming dance is the big event which officially ends the Homecoming festivities. The band, decorations, refreshments, and hard work added together to make it a big success.

The Christmas dance was just as successful. Christmas was in the air with the theme "An Old-Fashioned Christmas". Regretfully we were unable to get any pictures of the Christmas dance due to the infra-red lights of the band.

Coach Mosher says it was a pleasure this past season to work with a great group of players that turned out to be an undefeated team. They were fast and gave 100 percent of their effort. This team averaged 42.5 points per game for the season. With such a fine freshmen football team, CHS can look forward to a fine varsity football team in a couple of years.

The Viking Cheerleaders this year have done a great job in conveying their spirit, the spirit of the team and the school's spirit to the audience at the basketball games. In order to keep their performance at their best, they have practiced twice a week. During the school year the cheerleaders sponsor bake sales, the ever popular Blo-Pop sale, and a dance or two to help them raise enough money to send them to cheerleading camp each summer.

Cheerleaders, thank you for the fantastic job you've done!

Girls Play , Too!

Coach Terrill says, "one of the season's highlights was Mt. Pleasant at home. (The Oilers had only been defeated once.) Cadillac girls took the Oilers into OVERTIME! The game was a thriller with Mt. Pleasant ending on top by a score of 47-45. The girls showed tremendous improvement since their first encounter with the Oilers. They defeated the boy's varsity team 50-17.

The season record for the girl's J.V. basketball team was 9 - 10. In seven of those ten games, the girls were only defeated by three or less points. The season had many ups and downs and the girls gained much experience from the close competition. The coach, Miss Cooper, says those girls had a lot of talent and would make a great addition to the girl's varsity basketball game.

Freshmen Basketball Two Teams Are Better Than One

When Freshmen basketball tryouts were being held this year, the coaches found so much talent that they found it difficult to decide who to cut and who not to cut. It was decided to form two teams. Forming two teams would allow more boys to participate and to improve their talents for future years. Both teams had very successful years. We should be proud of our young Vikings.

The Freshmen cheerleaders had a busy basketball season this year. Since they had two teams to cheer for, the girls put a lot of time and effort into supporting both Freshmen basketball teams. It was a lot of hard work, but it was worth it.

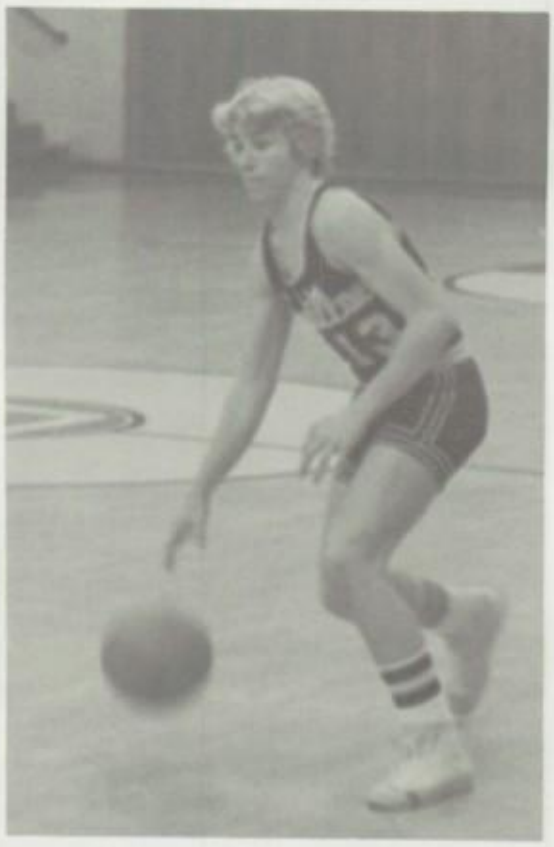
the Hoop



From what we have seen this year, we can be looking forward to an exciting basketball season next year. Our J.V. basketball team put in a lot of hours practicing, and the hard work really paid off. They ended up with a great record. We should be proud of our junior Vikings.

J.V. Basketball Players

Our Junior Varsity cheerleaders have done a great job of cheering the J.V. basketball team on to victory. The cheerleaders are with the team through thick and thin, and the players really seem to appreciate their support

This is the Way

After losing many of their players to graduation, the varsity basketball team this year fought against great odds. Through hard work and determination the team made great progress.

Viking Spirit

The Varsity cheerleaders have really added a lot to the basketball teams season. With their interest and enthusiasm they have really increased the spirit going at CHS. They are always there to cheer the Vikings on to a victory.

Shake 'em Up!

Since the Cadillac Senior High School had such a spirited group of students this year, a new sport was formed to absorb some of the extra interest. The CHS Pom Pom squad got off to a good start this year and added a new dimension to our basketball games. With the experience they've gained and with added interest, we'll be looking forward to seeing more of our Pom Pom girls next year.

Up, Down,

The girl's gymnastic team this year was kept busy. The girls put a lot of hard work into routines on the four main events: Balance beam, floor exercise, uneven parallel bars, and vault. In spite of their effort the team did not have a successful win-loss season. However, they put up a good fight against some tough competition, and they showed much improvement. We can expect to hear more from our gymnasts next year.

1. *Oh! I'm stuck!*

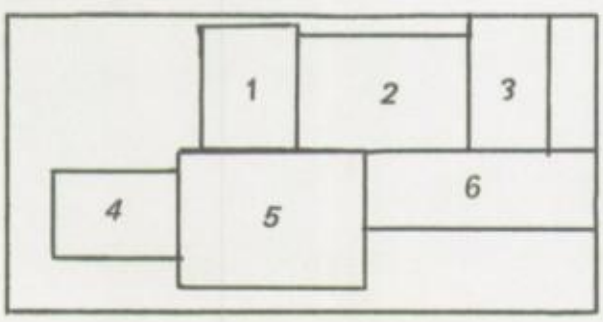
and All Around



The girls and boys ski teams completed successful seasons as Champions. The girls got off to a slow start but improved as the season progressed which was evident in their results as conference, regional and state champs. Six of the seven girls that were on this state championship team will be back next year.

The boys were steady throughout the season placing first three times and second three times to share the conference title with Traverse City. The last three weeks they pulled together and did an outstanding job in winning the regional and state meets. Three of the boys will graduate, but we have a good group of junior varsity boys to fill these positions.

Row 3: Coach Thompson, Teri Meyer, Kurt Edly, Jim Reiser, Joe Host, Bill Kelly, Chris Holmgren, Chris McCoy, Dennis Weiland, Pat Johnson, Tony Williams, Mike Weinreb, Marcie Smreakar, Coach Clifford.

This year's wrestling team was very young and inexperienced. It consisted of one senior and very few juniors. Although the record did not show a successful season, great experience was gained, and with continued hard work over the next few years, we should hear much from our grapplers.

Members of the 1977-1978 wrestling team are: Jim Bredahl, Carrie Brunk, Dale Collins, Mark Corcoran, Rick Cunningham, Al Devereaux, Tom Faunce, Dave Ferris, Mark Grogan, Randy Karsten, Andre LaMonde, Max Lint, Russ Long, Pat McCorriston, Chris Morris, Brian Potter, Kim Richardson, Larry Vaughan, Bill Voorhees, Tom Wiley, Tim Williams, and Coach Jack Crandell.

Yum - Yum

This year lunchtime was a great time. Once again everybody could sit down and enjoy the hot lunches "together". From standing in line to drinking milk with an extension straw, lunch time was looked forward to with great anticipation.

Fads at CHS were just as much part of our environment as walls are part of the building. It seemed like every organization large and small tried T-shirts on for size. Combs decorated the heads of our gals while some did their thing "all together".

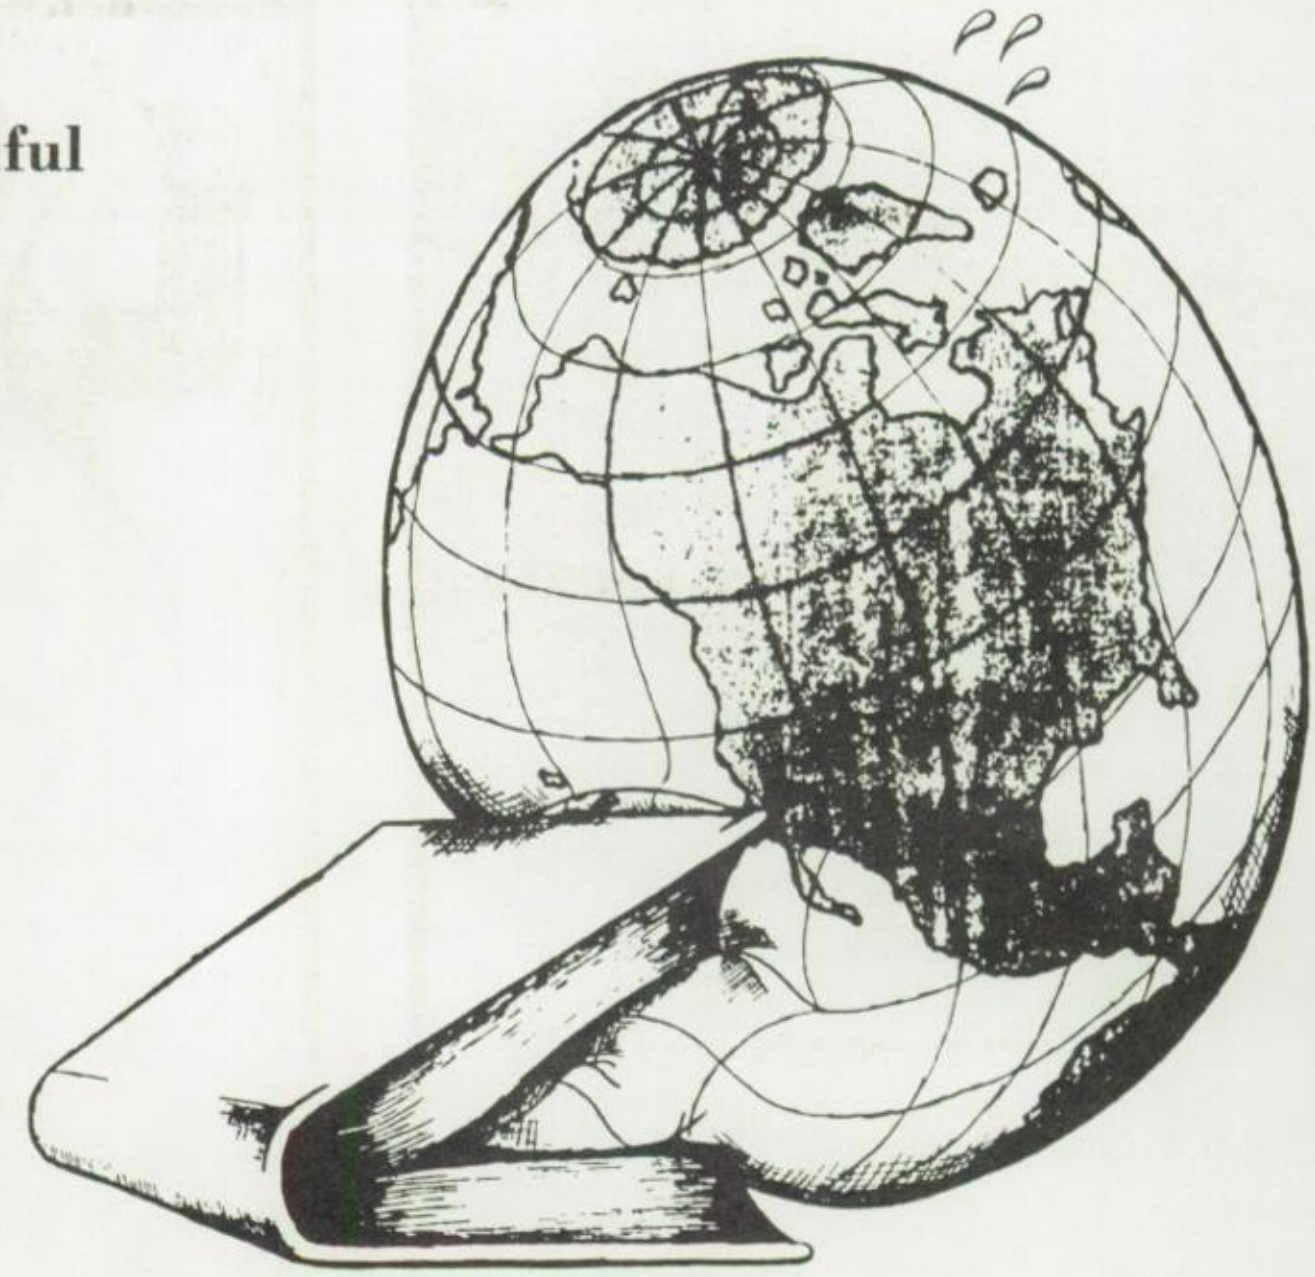
Superlative Personalities

It's a great big beautiful world but. . .

it just won't fit into a textbook.

Your world is too great to fit in a textbook, but it does fit in the Cadillac Evening News.



The world around us is changing extremely fast. So much happens everyday that regular school textbooks would have to be up-dated and printed continuously to keep up with the daily newspaper.

Everyday, the staff of the Cadillac Evening News provides you with the most current, relevant up-to-date information about your world. Information that you need to keep you in touch with what's happening. And keeping informed doesn't have to be difficult. It should be enjoyable.

Whether you're looking for local news, national news, opinions/editorials, comics, sports coverage, TV listings, crossword puzzles, Ann Landers, "Speaking of Your Health," special Life section on Fridays, news capsules, hospital news, business and professional directories, business briefs, special accent sections, the football contest, area high school sport schedules, weather information, money saving advertising, Classified advertising that's indexed for your convenience—the Cadillac Evening News has it all.

Keeping You Informed. . .The Enjoyable Way!

Last year we were on split-sessions, this year we are back on full days, thanks to our school board, school administration, and the citizens of Cadillac; as our theme projects we are "back together". Split-sessions left scars, but I feel C.H.S. is on a comeback. The beginning of the year the spirit ran wild, though once in a while we had to give the underclassmen a "shot in the arm" to keep them going.

Having Publications as a class, which produced the Log and the Cadillacan, helped a great deal in getting the Log done in time and having many fulfilling issues of the paper. A special thanks to Jane Boughner and her Cadillacan staff for gathering news and presenting it to us in the form of a paper.

I would like to thank this year's yearbook staff for dedicating their time and effort in producing, what I hope to be, one of the best Logs yet. A special thank-you to Mr. Marland Ream, adviser of this publication, who deserves a big hand for the time and effort that he put in this Log.
